SUCTION PIPE

“Triple-seal” technology inside!

This redesigned suction pipe features patent-pending “Triple seal” technology, which ensures sustained, **zero-loss suction**. Other fuel transfer pumps experience a steady degradation in suction efficiency as parts and seals of the suction pipe wear and age. Zero-loss means pumps will prime fast and provide optimal fuel transfer rates resulting in less time spent pumping fuel.

Part No.:	1120241-01
Nominal Diameter:	1 in.
Flow Range:	up to 25 GPM (94.6 L/min)
Material:	20% glass-filled, chemically-coupled Polypropylene
Telescoping Range:	15 to 40 in. (38.1 to 101.6 cm)
Threads:	1 in. NPT

STANDARD telescoping pipe:
for tanks 15 to 25 in. (38.1 to 63.5 cm) deep

EASY INSTALL!

No more measuring, cutting to size, taping or gluing PVC!

Attach the included **EXTENDER** for tanks 25 to 40 in. (63.5 to 101.6 cm) deep
